Price from: 1 795 €

The Haute Route is certainly the most famous glacier trip of the Alps. It connects the two historic capitals of mountaineering with passes over 3000m. This trip will take you to some of the most spectacular places in the Alps: from the Glacier du Tour to the foot of the Matterhorn: it is a guaranteed change of scenery. The exceptional beauty of the landscapes crossed, makes it an essential objective. Despite its notoriety, the Haute Route is a serious glacier trip requiring a good physical form.

Why this trip in 7 days ?

The Haute Route, via our itinerary, is traditionally completed in six days; Groups are go down to Zermatt directly, without passing a night in the Schonbiel hut. Consequently, the last day is very long and can be particularly exhausting regarding the glacier conditions. We propose you to make the route more consistent and enjoy the ambiance of the Haute Route longer.
