TRAIL - NIGHT ESCAPE

Duration: 1

Difficulty: ▲▲▲▲▲

Price from: 57 €

Thanks to the unique experience of its trail division made up of mountain guides who are multi-finisher specialists in the biggest races, the Compagnie des Guides de Chamonix has developed trail programs to improve your skills and allow you to enjoy the exceptional playground of the Mont Blanc country.

- [Endurance training in Chamonix](#), 2 days : To get to know each other better and learn to last
- [Tour du Mont Blanc](#), 5 days : The mythical loop of the Northern Alps in semi-autonomy

From dusk to dawn, enjoy the unique experience of a whole night spent in the mountains under the light of your headlamp, accompanied by a professional ultra-trail specialist.

Under the moonlight, we offer you an ode to nature, coupled with an introduction to night running management that differs from daytime running.

Specific equipment, circadian rhythm management, nutrition and hydration planning will all be covered during our night outing. During our hike, we'll be tackling the key themes of ultra-trail running, with a particular focus on the night section, which is sometimes responsible for abandonment. Becoming one with the night rather than trying to conquer it.

From sunset to sunrise, this unusual outing offers a new way of contemplating the mountains, while at the same time challenging your physical and mental capacities, key elements of ultra-trail.

The use of poles is highly recommended on our alpine trails.

Distance: 18 - 25 km / Positive elevation gain : D+ 1250 - 2000 m

This program may be modified at any time by the supervising professional based on weather conditions and/or the technical and physical level of the participants.
